花乐, 成立于1990年, 是出口全球的高品质洁具制造商, 专注于淋浴花洒产品的设计、研发, 生产, 潜心为客户打造畅爽的淋浴方式, 创造并满足现代人多元化的沐浴体验。

公司厂房面积5万多平方米, 拥有现代化五金加工设备、模具加工中心和各种规格的注塑机等设备100多台, 产品荣获多项海内外专利。花乐卫浴拥有卓越的研发、设计、生产能力, 不断引进现代化生产设备、精密检测设备及先进技术, 设置严格的产品测试标准, 精心管控生产的每一件产品。

花乐拥有一整套完善的管理体系, 涵盖了从产品设计、原材料订购、生产过程到售后服务的每一个环节, 并通过了ISO9001:2008质量管理体系和Smeta人权验厂。产品通过澳洲Watermark、北美cUPC、WaterSense等国际权威认证。公司累积了30多年的卫浴设计、制造经验, 确保了花乐产品的高端品质。

不断的自主创新, 精益求精, 让消费者在繁忙的生活中畅享花乐沐浴, 陶醉在花乐产品带来的极致生活体验中。花样设计, 乐享生活, 一直是花乐人孜孜不倦地为消费者创造极致淋浴体验的理念追求。

花乐——花样设计, 乐享生活!

Huale, founded in 1990, is a manufacturer of high-quality sanitary ware exported globally. It specializes in the design, research and development, and production of showerheads, dedicated to creating a refreshing shower experience for customers and meeting the diversified bathing needs of modern people.

With a factory area of over 50,000 square meters, Huale boasts excellent research and development, design, and production capabilities. It possesses more than 100 modern metal processing equipment, mold processing centers, and injection molding machines of various specifications. Its products have won numerous patents. The company continuously introduces modern production equipment, precision testing equipment, , establishes strict product testing standards, and carefully manages and controls every product produced.

Huale has a complete set of management systems covering every aspect from product design, raw material ordering, production process, to after-sales service. It has passed the ISO9001:2008 quality management system and Smeta human rights factory inspection. Its products have also passed international certifications such as Australian Watermark, North American cUPC, and WaterSense. With over 30 years of experience in design and manufacturing, Huale ensures the high-end quality of its products.

Through continuous independent innovation and continuous improvement, Huale allows consumers to enjoy a refreshing shower in their busy lives and indulge in the ultimate living experience brought by its products. Unique designs and joyful living have always been the pursuit of Huale in creating the ultimate shower experience for consumers.

Finish Options:

I-Switch[®]

I-Switch: Optimize Your Shower Experience

极致淋浴体验

传统顶喷花洒多是单功能的，而多功能顶喷因使用不便而没有十分普及。

现在，I-Switch带来随心所浴的沐浴体验，仅抬手一挥就可完成功能切换。多档出水轻松选择，掌控你的淋浴体验，让淋浴变成一天中最棒的时刻。

Make your shower the best part of your day with Huale's I-Switch multi-functional shower head. With a motion detector sensor and temperature-sensitive LED lights, now you're always in control of your shower experience.

I-Switch®

Control with a Simple Gesture

智能手势控制系统

I-Switch 是革新的手势感应多功能顶喷花洒。“I”代表了智能控制系统，而“Switch”则体现了它的多功能。洗浴者抬手遮挡信号感应器就可以切换功能，实现不同的出水形态，任意选择密集雨淋、强劲喷雾、柔情气泡和畅爽瀑布，达到真正的Spa级沐浴体验。

I-Switch不需要洗浴者像操作传统花洒一样去踮脚旋转拨盘或者按压按钮，因而避免了在湿滑的洗浴空间摔倒。轻松扬手切换，就可以实现不同出水方式的瞬间转换，方便惬意。

We dubbed this shower head the “I-Switch” to emphasize both its intelligence (“I”) and its multi-functionality (“switch”). With a simple gesture, you are able to change modes so that you’re always in charge of your shower experience.

Huale makes it so easy to customize your shower experience so that every member of the family and any guests you may have can shower exactly the way they want to. No matter whether you want a powerful mist, a traditional rain, or a steady drop, you can change modes easily with a simple wave of your hand.

I-Switch®

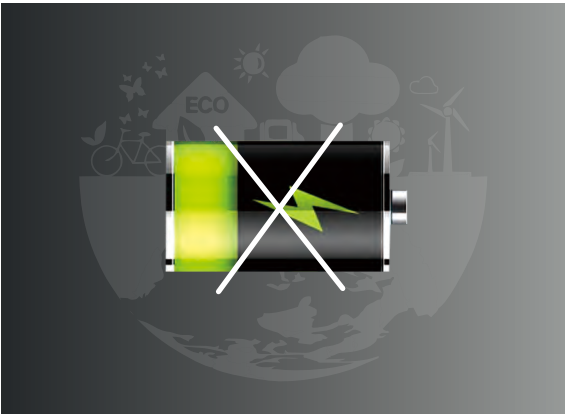

The Intelligent Multi-functional Shower Heads

智能感应多功能顶喷花洒

User-friendly Features

-4-

人性化设计

Water-powered, No Batteries

水力发电，环保节能

水力发电，无需电池，更不用接交流电。无需因卫生间潮湿引起的短路而担惊受怕，绿色零耗电，真正零消耗。内置微型“水力发电站”，利用水流的动能，转换为电能驱动感应原件和Led。

Completely water-powered for a stress-free shower

The built-in micro hydroelectric generator can change the kinetic energy of the water flow to electric energy to drive the sensing component and LED.

No worry about the short circuit caused by the damp in the bathroom. Because the I-Switch is 100% powered by water, you don't have to worry about charging or replacing batteries.

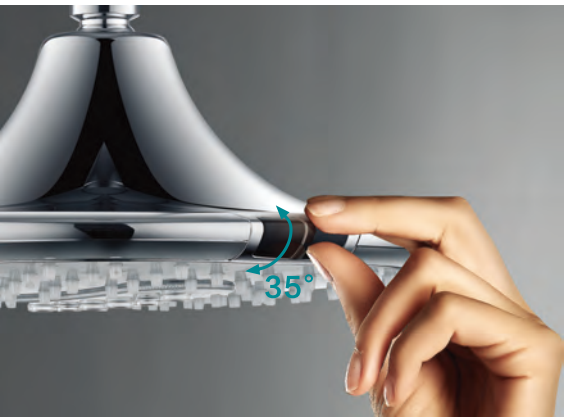

A leader of High-quality and Healthy Showers

净无止境, 高品质健康淋浴领航者

硅胶出水嘴，经久耐用不老化，轻松应对挑剔的肌肤，易清洁防堵塞。防水，耐腐蚀，环保材料，高品质生活，从I-Switch开始。优选工程高品质材料 杜绝二次水污染。

Silicone nozzles are durable and anti-aging, which can easily cope with picky skin, is easily cleaned and can prevent blocking.

Waterproof, corrosion-resistant and environmentally friendly materials bring I-Switch a long lifetime.

Adjustable Sensor, For Kids and Elders

传感器角度可调节设计

可调角度传感器设计，不论身形高矮，不论老少均可轻松使用。安装产品在2.1米高度时，身高1.3米以上，就可以方便操作。

切换简单，无需按键或拨盘。而传统多功能顶喷，手工按键亦或拨盘——厕所环境湿滑，容易跌倒

The multi-angle sensing designed can meet the demand of people with different statures and people of all ages. When the showerhead is installed at a height of 2.1 meters, people who is 1.3 meters tall or above can easily operate the showerhead.

The functions of traditional multifunctional showerhead are switched by buttons or dials—therefore, people may fall down because of the wet and damp environment in the bathroom.

Universal Connection, Easy Installation

通用螺纹，轻松安装换新

采用国际标准G1/2内螺纹，99%的淋浴柱或花洒臂都可以搭配。I-Switch顶喷 自成一套智能系统，无需重新砸墙布管，无需另外配套昂贵的指定淋浴套装，对于新装旧换，都可轻松搭配。

I-Switch has a universal thread which allows it to be used with virtually any shower column. This gives you one less thing to stress about when installing your brand new shower head.

I-Switch shower head is a complete set of intelligent system. There is no need to chisel the wall to set the pipes or to buy expensive customized shower set.

Easily Switch among
Different
Spray Modes

多档出水，多重水形

自然雨淋
密集雨淋水线，柔柔细雨拥抱肌肤，大面板带来沉浸式淋浴，享受生活的温柔细腻。

激情喷淋
超强节水增压，独特腔体结构设计，每秒喷射上万颗细小水珠，提供了更好的沐浴体验。

柔情气泡
出水充分混合空气，含氧不飞溅，密集水柱核心穴位按摩，SPA级的淋浴体验。

畅爽瀑布
想象站在大自然中，瀑布倾泻而下，畅快沐浴淋漓尽致。

应有尽有的淋浴选择
先是强劲清爽的激情喷淋式出水，然后体验一下柔和如轻抚一般的密集自然雨淋，亦或想尝试一下畅爽瀑布和充分含氧的气泡水柱。能够不断体验不同的出水方式无疑是充满乐趣的——尤其是在只需简单挥动一下手即可轻松切换的情况下。凭借革新的I-Switch切换技术，您将可以在多种出水方式之间瞬间切换。

A shower should be a welcoming embrace in the morning, waking you up and preparing you for the day, or a relaxing indulgence after the end of a busy day. With the ease of changing modes, you can ensure that your shower is exactly how you want it, each and every time. I-Switch can easily change among these luxurious modes: Natural Rain , Powerful Mist, Waterfall, and Tender Bubble.

I-Switch[®]

LED Technology

炫彩LED，见色知温

水力发电LED 无需电池
Hydroelectric power LED, No Battery Needed

炫彩LED，见色知温，避免烫伤。
led用色彩直观地展示水温，防止烫伤
The colorful LED can directly display the water temperature range intuitively,
preventing people from getting burned.

蓝光
水温<27℃

Blue
Water temperature <27 °C

绿光
水温27℃~41℃

Green
Water temperature 27 °C ~ 41 °C

红光
水温>41℃

Red
Water temperature > 41 °C

I-Switch[®]

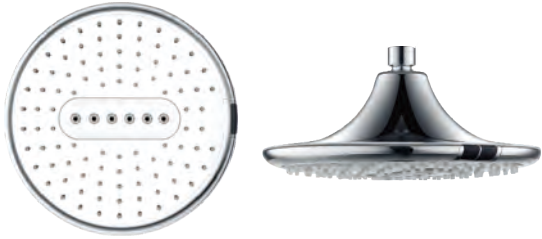

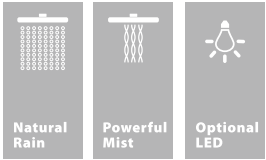

LESS WATER, MORE COMFORT

The I-Switch's powerful Mist setting utilizes 50% less water than a traditional shower. Thanks to its innovative high pressure technology, it actually provides a stronger spray pressure. You'll never feel like you're missing out on your shower experience.

I-Switch 的增压喷雾模式，强劲有力的水珠喷淋而下
相比传统花洒可节水50%
同时因为创新的涡轮增压技术，
实现超强增压得而提供了更酣畅的淋浴体验。
而且，大颗粒雾珠保证了正常的温降范围，
从而保证了切换出水时，
不会因为体感水温改变带来不适。

2F168

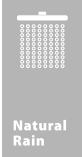

低水压要求, 无忧畅享

I-Switch起始水压只需1公斤, 也就是0.15mpa, 小水压的家庭亦可放心使用, 无需过分担忧水压。花乐研发的多国专利的创新结构, 仅仅是依靠水力发电的低压低电流, 就可同时满足驱动控制元件和点亮炫彩LED。而且, 低电压模式, 安全又可靠。

Low Water Pressure Required

The Required operating water pressure is 1.5 bar, namely 0.15mpa. Most Families have water pressure that can meet this requirement.

2F169

I-Switch®

智能生活的艺术，我们与您共享

忙碌的生活需要一处放松身心的角落，置身浴室拿起花洒让您暂离生活的喧嚣，关注自我，畅快淋浴，尽情放纵这一刻。让I-switch带您步入时尚的智能生活。

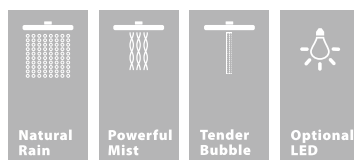

Intelligent Life, Start with I-Switch™

Now you can shower smarter – and more sustainable – with the I-Switch multi-functional shower head. With three enticing modes, Rain, Mist, and Bubble, you can easily determine water pressure and water sprays, – all with a simple wave of your hand!

I-Switch®

3F168

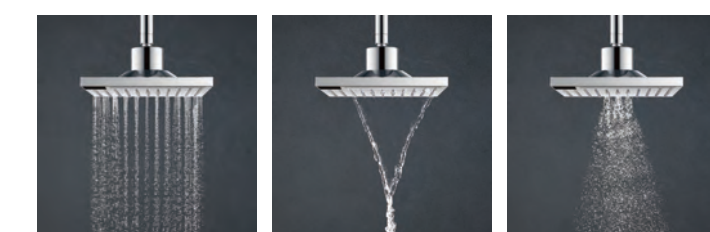

数码LED显示屏

直观水温显示，洗浴时长统计

淋浴时，你有没有因为水温急速变化而赶紧躲避？有了这块集成显示屏，你可以立刻直观读出当前实时水温因而避免过冷过热。而且，同时统计洗浴时长，提醒您I-Switch虽好可不要洗太久造成水资源浪费哦。

Have you ever stepped into a freezing cold or burning hot shower and immediately regretted it? Because the I-Switch's Real-time Monitor System tells temperature right away, you can always accurately gauge the temperature of your shower just by sight. To promote water saving, it even times your shower duration, tells how long you showered.

3F169

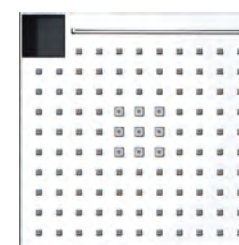

Display Temperature, and Time your Shower Duration

直观水温显示，沐浴时长统计

水力发电驱动感温元件，展示出的摄氏度让用户直观了解当前水温；创意的沐浴时间统计，提醒用户洗浴时长，提倡节水节流。关水后三分钟内开水，视为同一人淋浴延续，时间会继续累加。同时，显示屏内容在不同水温范围时，呈现蓝、绿、红三色。

With water-powered temperature-sensing component, it displays water temperature intuitively. Also, it counts how long you have taken shower and reminds you to save water usage. After turn off the shower, if the bather turns it on again within 3 minutes, then the time will be keep counted. What's more, the digits will be displayed in three colors (RGB) to show different water temperature range.

3F169

I-Switch[®]

Control with a Simple Gesture

We dubbed this shower head the "I-Switch" to emphasize both its intelligence ("I") and its multi-functionality ("switch"). With a simple gesture, you are able to change modes so that you're always in charge of your shower experience.

排冷水接头 Auto Cold water Discharge Connector

自动排冷水, 温水时自动切换 Automatically discharge cold water Switch automatically when warm water

由于供水管道及花洒内在淋浴后都残留了大量的冷水, 每次开水洗澡, 都会排出大量冷水, 造成不适感。我们开创性地发明了排冷水结构, 在每次洗澡前, 自动感应水温。当低于35°C时自动从排冷水出口排出, 排水口可旋转到远离沐浴人站立的位置。水温变暖时候, 水路自动切换到淋浴水路从花洒喷淋出。避免了被花洒喷出的冷水打一激灵的狼狈, 也让你每次洗澡时候更从容省心。如果夏天的时候需要洗冷水澡, 可以转动旋钮开关关掉排冷水功能。

Since water remains in the water supply pipe and the shower after taking a bath, a large amount of cold water will be discharged every time before a bath, causing discomfort. We groundbreakingly invented the cold water discharge structure, which automatically senses the water temperature before each bath. When the temperature is lower than 35°C, cold water will automatically be discharged from the cold water spout. The spout can be directed away from the position where the bather is standing. When the water temperature becomes warmer, the waterway automatically switches to the shower waterway to spray out from the shower. It avoids the embarrassment of being hit by the cold water sprayed by the shower, and makes you more relaxed and worry-free every time you take a bath. If you need to take a cold shower in summer, you can turn the knob to turn off the cold water discharge function.

Patented 专利产品

- Automatically discharge cold water
- 打开水龙头, 自动排冷水
- Switch automatically when warm water
- 温水时自动切换

- Rotatable cold water spout
- 排冷水嘴可调节方向
- Knob to turn off the cold water discharge function
- 可关闭排冷水功能

Highly Integrated Multi-functional Shower System

It is a shower system consisting of a handheld shower and a top spray, a storage platform with a large capacity, and a rotating waterproof box for a phone set. This shower system has a high level of integration and functionality, making it easy for users to use their phones while showering. Furthermore, the hand shower's multiple water output modes offer users a variety of options, making daily bathing more healthy and comfortable.

Patented

广交会出口产品设计奖
CANTON FAIR DESIGN AWARDS

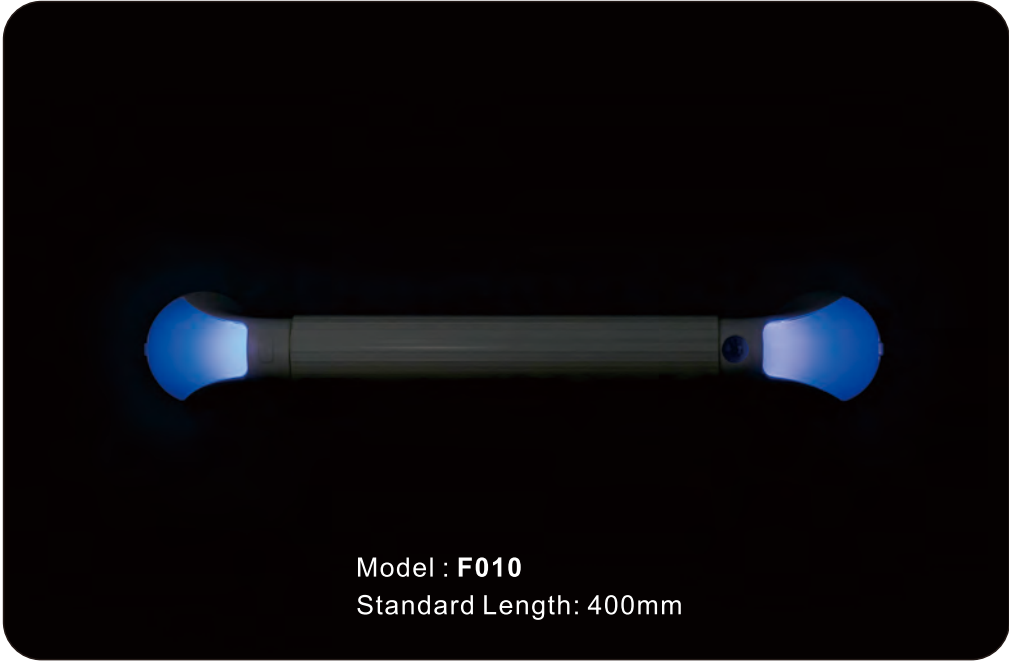

Electronical Suction Assist Bar

- Powered by AAA Batteries, long lasting
- Secure detector at two ends automatically detect status
- Automatically re-connects to walls when air leak is detected
- Easy control with push buttons
- PVC suction cap provide an strong hold
- Power saving, long battery life
- Waterproof grade: IPX4
- Patented

Model: EF008

材料: ABS + PVC
7号电池供电, 长久续航
检测吸力, 松动报警
松动后会重新吸附
按键操作, 一键吸附
吸力可靠, 握持舒适
防水等级IPX4
专利保护

Model : **F010**
Standard Length: 400mm

Human Body Induction Grab Bar 人体感应夜灯扶手

- Material: ABS White
- Uses three AAA batteries, and lasts more than a year when detecting 4 times every day
- Longer sensing distance
- Ribbed to aid grip of bar
- Concealed fixings
- Suitable for users up to 100kg/220lbs when fitted to a solid

Model : **F009**
Size: 450mm

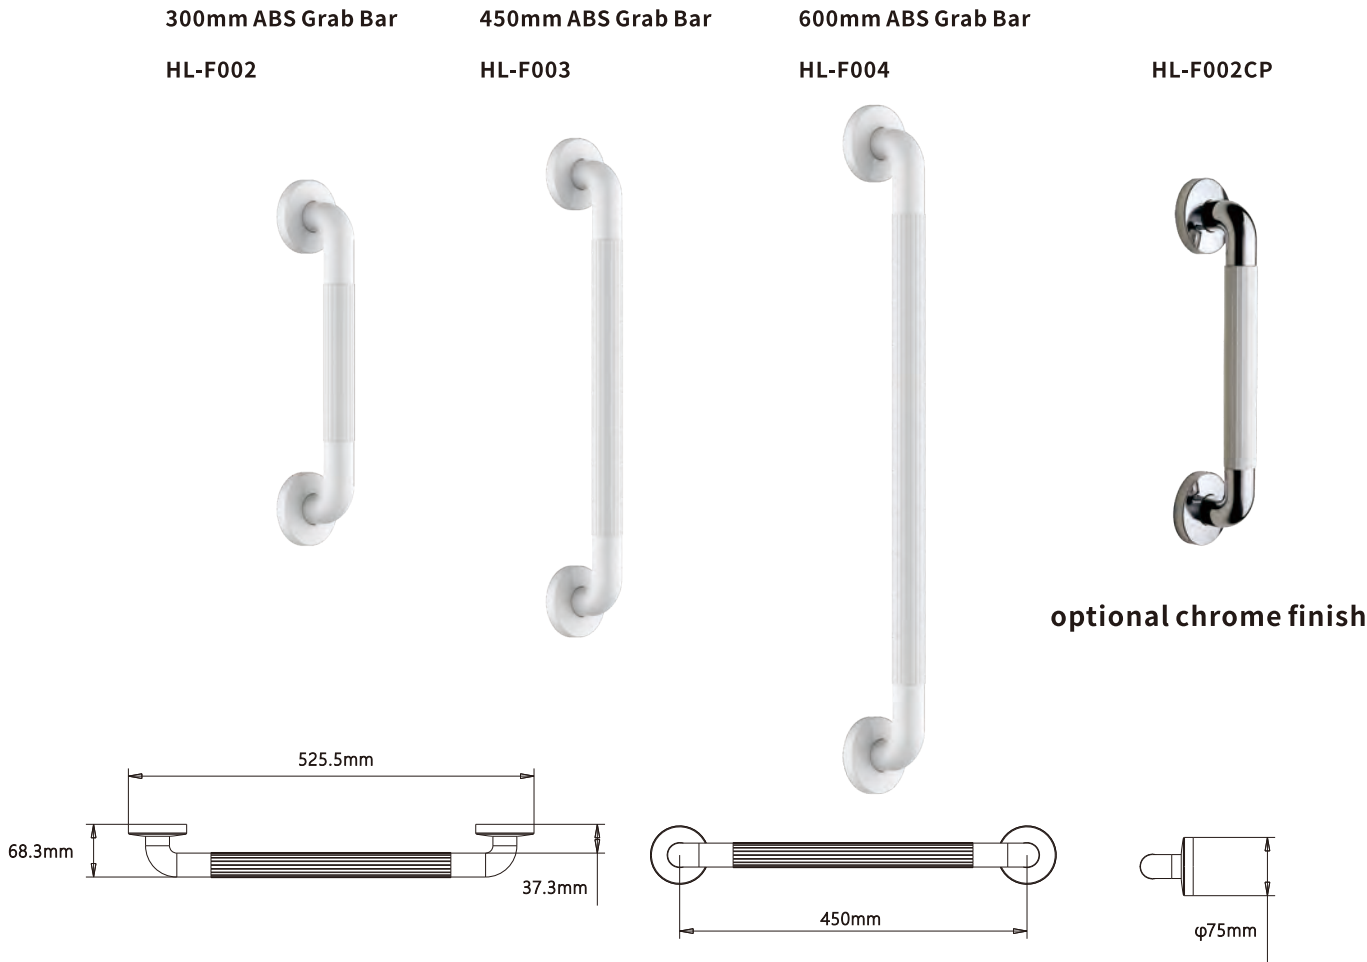

Outdoor Grab Bar 户外扶手

- Internal aluminium tube for added strength
- Weather resistant and won't rust
- Ergonomic grip handle
- Moldings around the bar reduce risk of slipping
- Subtle dark color for discrete use, Ideal all around your home
- With wall fixings

ABS Grab Bar

- Material: ABS White
- Centre-to-centre distance: 300mm, 450mm, 600mm.
- Ribbed to aid grip of bar
- Concealed fixings
- Suitable for users up to 100kg/220lbs when fitted to a solid wall
- With wall fixings
